

Cube Ice Maker CUIM-B18

Website: www.icemaker.cc

Email: info@icemaker.cc

Overview

Cube Ice Maker CUIM-B18 features a high capacity, producing 195 kg of ice cubes per 24 hours, ensuring reliable results. It is equipped with a high-performance cooling fan that ensures efficient heat dissipation. It features a digital control panel for precise monitoring and operation. Our cube ice maker is made from stainless steel materials, ensuring durability and longevity.

Features:

- Insulated door for less condensation
- Overload Protection
- Automatic water and ice level indicator
- Energy-Efficient
- Intuitive electronic control panel

Applications:

Cube ice makers are commonly used in restaurants, bars, cafes, healthcare facilities, supermarkets, and convenience stores.
