

Cube Ice Maker CUIM-B21

Website: www.icemaker.cc

Email: info@icemaker.cc

Overview

Cube Ice Maker CUIM-B21 delivers a high production capacity of 340 kg per day and features a spacious ice bin with a 236 kg storage capacity for efficient operation. It features an air-cooling system that ensures optimal temperature regulation and maximizes efficiency. It features an eco-friendly refrigeration system, ensuring sustainable and efficient performance. It features a digital panel for easy navigation and precise control of various parameters.

Features:

- Durable construction
- Portable design
- Quick ice production
- Easy maintenance
- Insulated door for less condensation
- Overload Protection

Applications:

Cube ice makers are commonly used in restaurants, bars, cafes, healthcare facilities, supermarkets, and convenience stores.

Specifications :

Capacity	340 kgs / 24 hrs
Storage Bin Capacity	236 kg
